Example puzzles

Fill in the missing piece of the puzzle

1. Natarajan

2. Ceriotti

3. Pizzi

4. _____

Fill in the missing piece of the puzzle

Pillar 1. Natarajan

Pillar 2. Ceriotti

Pillar 3. Pizzi

Pillar 4. _____

Fill in the missing piece of the puzzle

Pillar 1. Natarajan

Pillar 2. Ceriotti

Pillar 3. Pizzi

Pillar 4. **Marzari**

Fill in the missing piece of the puzzle

- pe (skateboarding)
- thon (athletics)
- son (wrestling)
- ley (_____)

Fill in the missing piece of the puzzle

- pe (skateboarding) = half-pipe
- thon (athletics)
- son (wrestling)
- ley (_____)

Fill in the missing piece of the puzzle

- pe (skateboarding) = half-pipe
- thon (athletics) = half-marathon
- son (wrestling)
- ley (_____)

Fill in the missing piece of the puzzle

- pe (skateboarding) = half-pipe
- thon (athletics) = half-marathon
- son (wrestling) = half-nelson
- ley (_____)

Fill in the missing piece of the puzzle

- pe (skateboarding) = half-pipe
- thon (athletics) = half-marathon
- son (wrestling) = half-nelson
- ley (_____) = half-volley

Fill in the missing piece of the puzzle

- pe (skateboarding) = half-pipe
- thon (athletics) = half-marathon
- son (wrestling) = half-nelson
- ley (**tennis**) = half-volley

Round 1: All good things

Remember the round title!

1. Which was Pixar's first film not to break even?

2. Which song opens with the following lyrics

Deep down in Louisiana close to New Orleans

Way back up in the woods among the evergreens

3. Which real place in the world is said to be the home of the legendary ghost ship, the Flying Dutchman?

4. Last year, which mild-mannered zoologist (a) died and then (b) released a video posthumously in which they said that they'd like to send Trump, Putin, Xi, Netanyahu, and Musk on one of his rockets "off to the planet he's sure he's going to discover"?

5. Which is the largest dedicated women's football stadium in the world? (Hint: until mid-2025 it was home to the men's team of the same club.)

6. In 2025, which Amazon subsidiary changed its logo from...

nccrmavel → ḡccrmavel

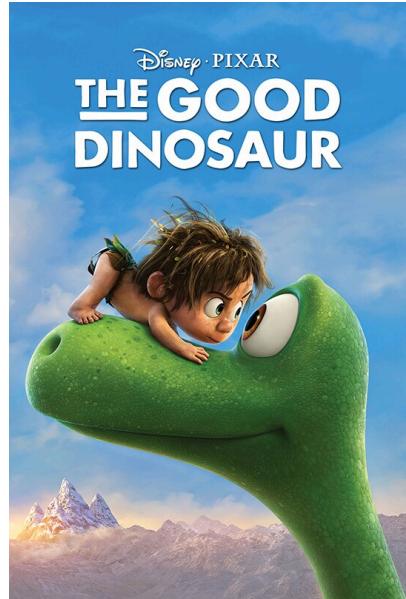

7. Which slang term entered mainstream use thanks to a single by the Beach Boys in 1966?

8. For which 1997 film did the writers add an out-of-place oral sex scene into the draft script in order to check that film executives were actually reading it?

Answers

1. Which was Pixar's first film not to break even?

1. Which was Pixar's first film not to break even?

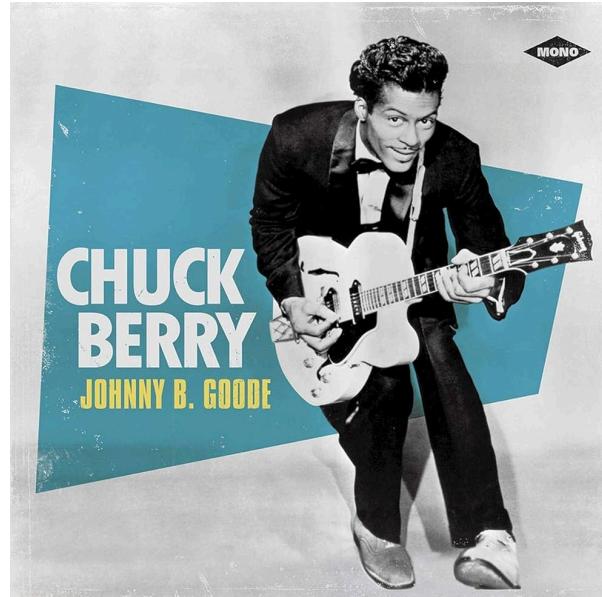

The Good Dinosaur

2. Which song opens with the following lyrics

Deep down in Louisiana close to New Orleans

Way back up in the woods among the evergreens

2. Which song opens with the following lyrics

Johnny B. Goode

3. Which real place in the world is said to be the home of the legendary ghost ship, the Flying Dutchman?

3. Which real place in the world is said to be the home of the legendary ghost ship, the Flying Dutchman?

The Cape of Good Hope

4. Last year, which mild-mannered zoologist (a) died and then (b) released a video posthumously in which they said that they'd like to send Trump, Putin, Xi, Netanyahu, and Musk on one of his rockets "off to the planet he's sure he's going to discover"?

4. Last year, which mild-mannered zoologist (a) died and then (b) released a video posthumously in which they said that they'd like to send Trump, Putin, Xi, Netanyahu, and Musk on one of his rockets "off to the planet he's sure he's going to discover"?

Jane Goodall 

5. Which is the largest dedicated women's football stadium in the world? (Hint: until mid-2025 it was home to the men's team of the same club.)

5. Which is the largest dedicated women's football stadium in the world? (Hint: until mid-2025 it was home to the men's team of the same club.)

Goodison Park (home of Everton Women)

6. In 2025, which Amazon subsidiary changed its logo from...

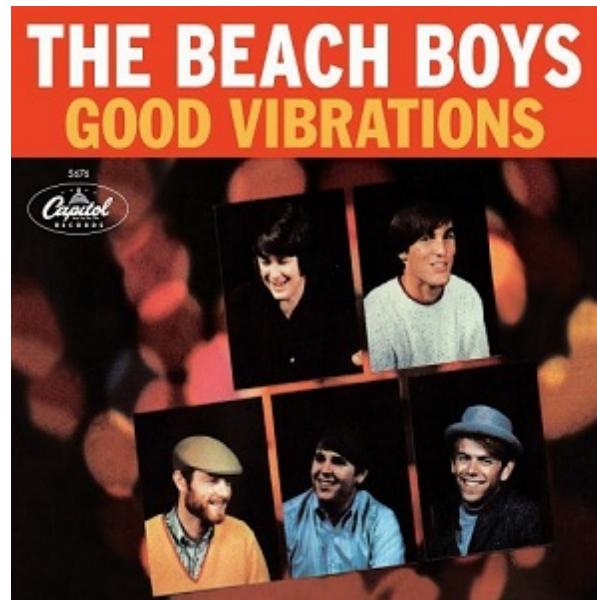

nccrmavel → nccrmavel

6. In 2025, which Amazon subsidiary changed its logo from...

goodreads → goodreads

7. Which slang term entered mainstream use thanks to a single by the Beach Boys in 1966?

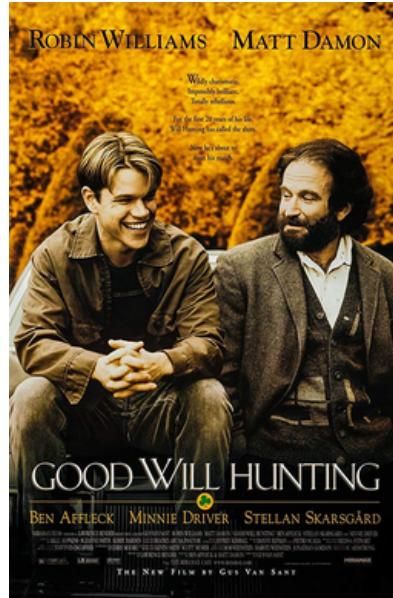

7. Which slang term entered mainstream use thanks to a single by the Beach Boys in 1966?

Good vibes

8. For which 1997 film did the writers add an out-of-place oral sex scene into the draft script in order to check that film executives were actually reading it?

8. For which 1997 film did the writers add an out-of-place oral sex scene into the draft script in order to check that film executives were actually reading it?

Good Will Hunting

Round 2: Come to an end

1. What major change occurred in Bulgaria on January 1 of this year?

2. Where was this picture taken?

3. The Spice Girls' first six singles all reached No. 1 in the UK charts — but their seventh did not. Which song broke the streak?

4. This confused announcement by Günter Schabowski led to what dramatic historical event?

5. Who or what is a “Zune”?

6. What pseudo-medical condition did the ancient Egyptians attribute to a wandering uterus?

7. What is located at longitude $2^{\circ}20'14.025''$ East?

8. What is the name of this shade of paint? It is a tribute to Monty Python.

Answers

1. What major change occurred in Bulgaria on January 1 of this year?

1. What major change occurred in Bulgaria on January 1 of this year?

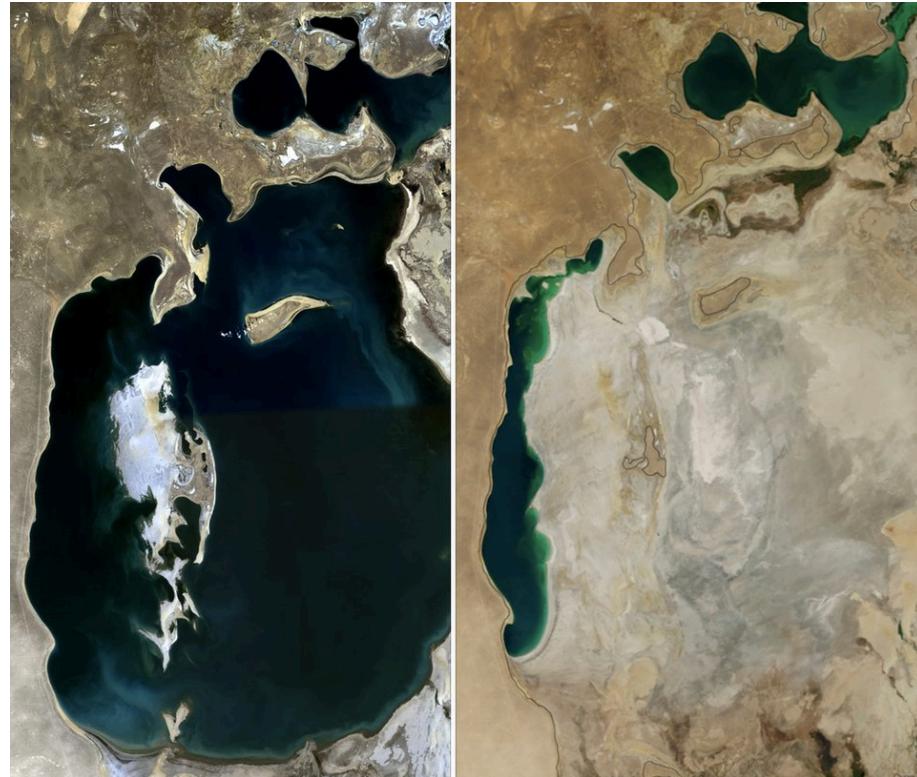

Discontinuation of the lev and adoption of the euro

2. Where was this picture taken?

2. Where was this picture taken?

The Aralkum Desert / the former Aral Sea

3. The Spice Girls' first six singles all reached No. 1 in the UK charts — but their seventh did not. Which song broke the streak?

3. The Spice Girls' first six singles all reached No. 1 in the UK charts — but their seventh did not. Which song broke the streak?

Stop (Their first six were “Wannabe”, “Say You'll Be There”, “2 Become 1”, “Mama”/“Who Do You Think You Are”, “Spice Up Your Life” and “Too Much”)

4. This confused announcement by Günter Schabowski led to what dramatic historical event?

4. This confused announcement by Günter Schabowski led to what dramatic historical event?

The fall of the Berlin Wall

5. Who or what is a “Zune”?

5. Who or what is a “Zune”?

A portable media player (Microsoft's swiftly-discontinued response to the iPod)

6. What pseudo-medical condition did the ancient Egyptians attribute to a wandering uterus?

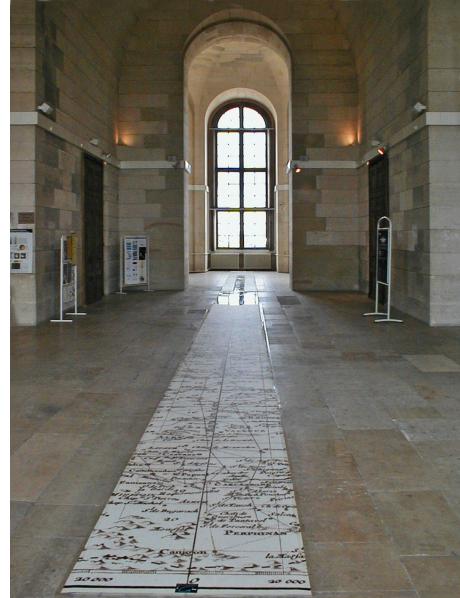

6. What pseudo-medical condition did the ancient Egyptians attribute to a wandering uterus?

hysteria (the Greek word for uterus is “hystera”. It was still considered a diagnosable physical illness as late as the nineteenth century.)

7. What is located at longitude $2^{\circ}20'14.025''$ East?

7. What is located at longitude $2^{\circ}20'14.025''$ East?

The Paris Meridian (the prime meridian used in France before the adoption of the Greenwich Meridian)

8. What is the name of this shade of paint? It is a tribute to Monty Python.

8. What is the name of this shade of paint? It is a tribute to Monty Python.

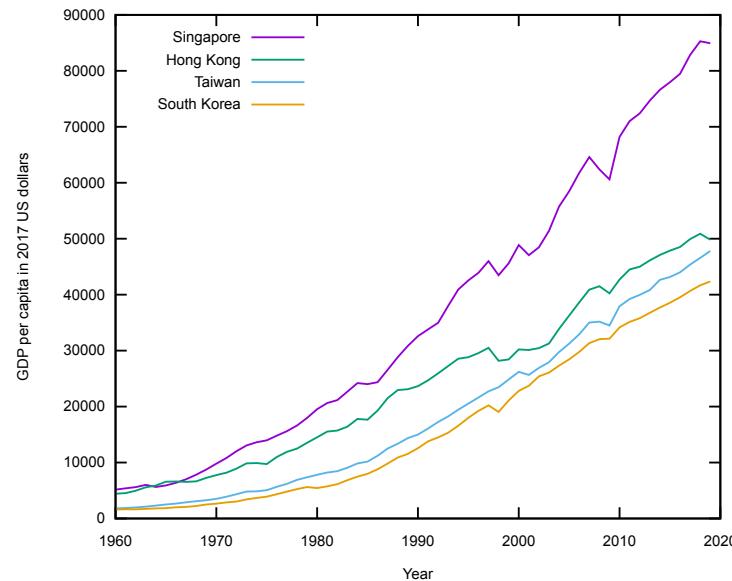

Norwegian Blue

**Round 3: Will it be a fairytale
ending?**

1. What is the name of this famous rock? (Hint: it contains a fairytale creature)

2. Economists collectively refer to the rapidly industrialising economies of Hong Kong, Singapore, South Korea, and Taiwan as “The Four Asian _____”

3. Which YouTube channel has the most subscribers?

4. Which artist simultaneously held the No. 1 album, single, and film in the United States at one point in 1984?

5. Which electronics manufacturer takes its name from a Greek mythological creature, but with part of the word missing in order to appear earlier in alphabetical listings?

6. What is the name for the region between 0.38 and 3 a.u. from the sun?

7. On non-macOS Unix and Unix-like systems, .so, .o, and .mod files all follow which standard file format?

8. When asked if Apple's logo was a tribute to me, Steve Jobs replied, "God, we wish it were". Who am I?

Answers

1. What is the name of this famous rock? (Hint: it contains a fairytale creature)

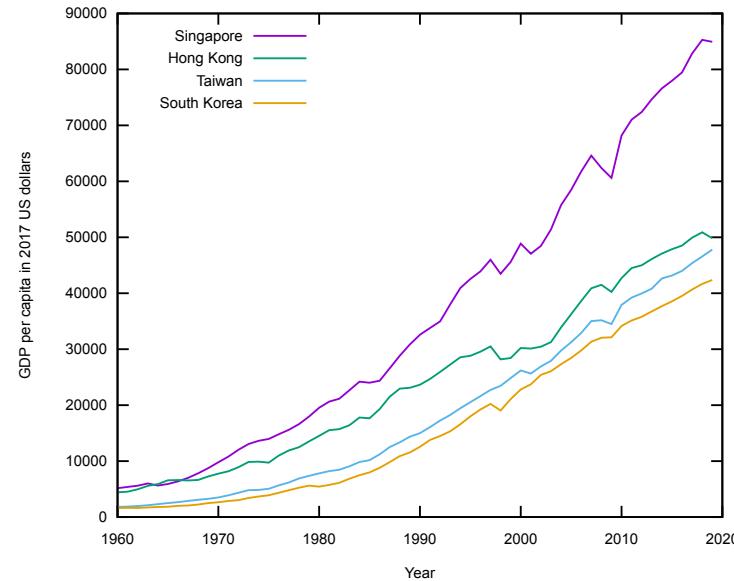

1. What is the name of this famous rock? (Hint: it contains a fairytale creature)

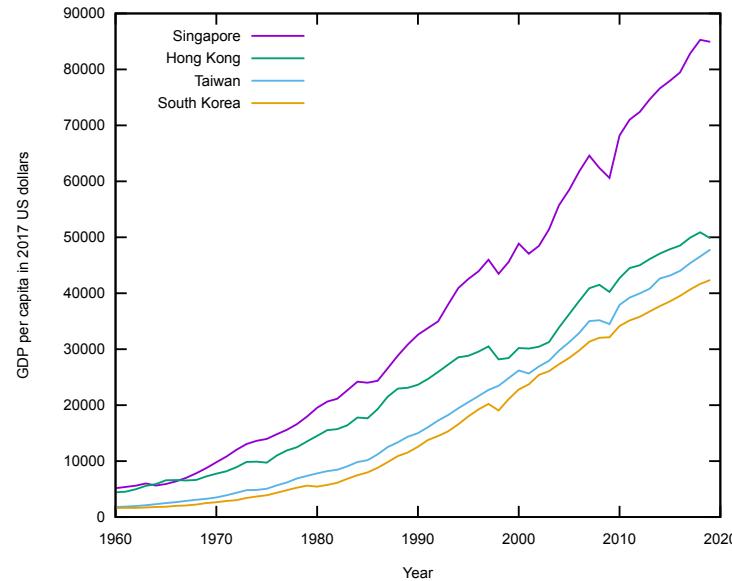

Trolltunga (“Troll’s Tongue”)

2. Economists collectively refer to the rapidly industrialising economies of Hong Kong, Singapore, South Korea, and Taiwan as “The Four Asian _____”

2. Economists collectively refer to the rapidly industrialising economies of Hong Kong, Singapore, South Korea, and Taiwan as “The Four Asian _____”

“Dragons” or “Tigers”

3. Which YouTube channel has the most subscribers?

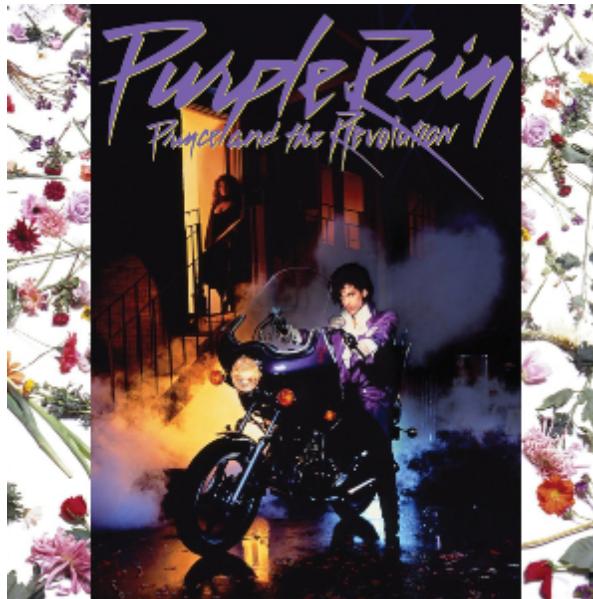

3. Which YouTube channel has the most subscribers?

MrBeast

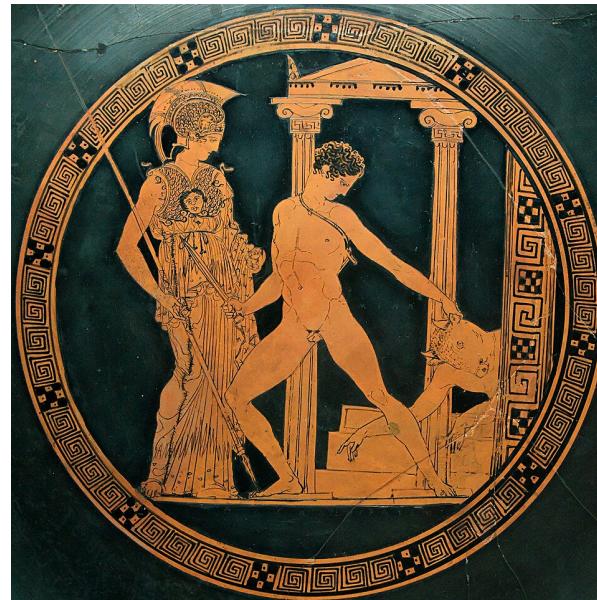

4. Which artist simultaneously held the No. 1 album, single, and film in the United States at one point in 1984?

4. Which artist simultaneously held the No. 1 album, single, and film in the United States at one point in 1984?

Prince (“Purple Rain”, “When Doves Cry”, and “Purple Rain” respectively)

5. Which electronics manufacturer takes its name from a Greek mythological creature, but with part of the word missing in order to appear earlier in alphabetical listings?

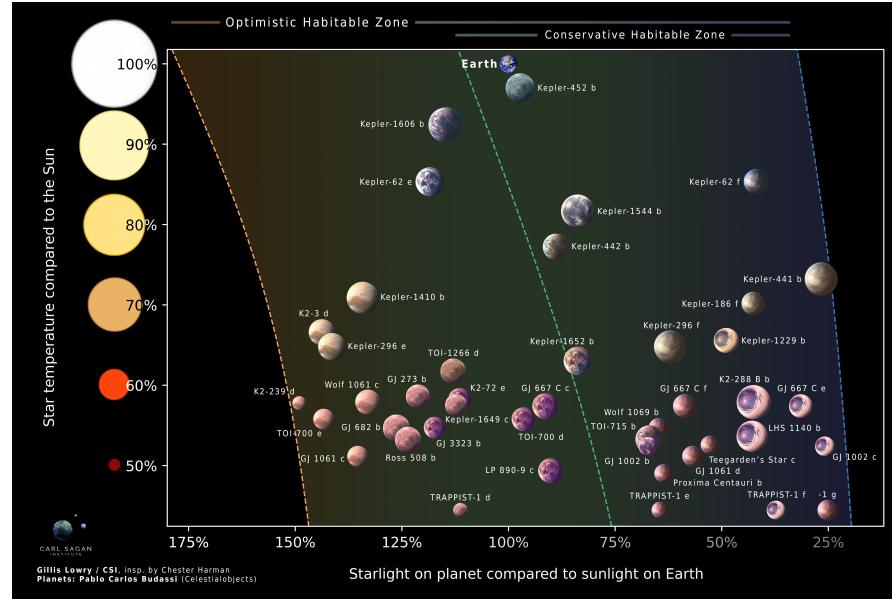

5. Which electronics manufacturer takes its name from a Greek mythological creature, but with part of the word missing in order to appear earlier in alphabetical listings?

ASUS (taken from “Pegasus”)

6. What is the name for the region between 0.38 and 3 a.u. from the sun?

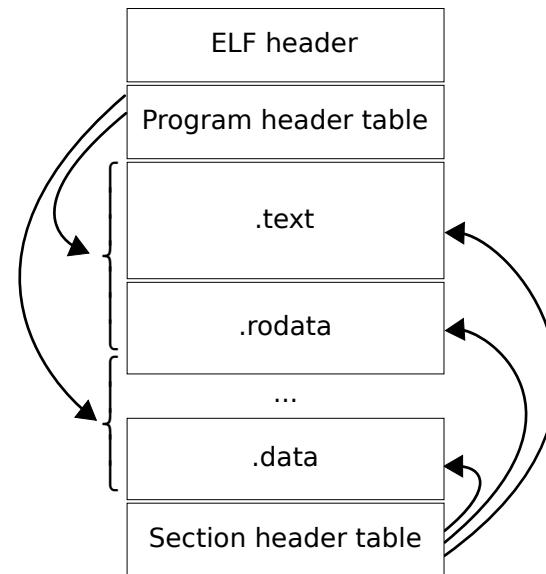

6. What is the name for the region between 0.38 and 3 a.u. from the sun?

The Goldilocks zone (or habitable zone)

7. On non-macOS Unix and Unix-like systems, .so, .o, and .mod files all follow which standard file format?

7. On non-macOS Unix and Unix-like systems, .so, .o, and .mod files all follow which standard file format?

ELF (Executable and Linkable Format)

8. When asked if Apple's logo was a tribute to me, Steve Jobs replied, "God, we wish it were". Who am I?

8. When asked if Apple's logo was a tribute to me, Steve Jobs replied, "God, we wish it were". Who am I?

Alan Turing

Round 4: It's the final countdown

Name the top 8 items in each of the following two categories. Half a point for each correct answer before the second wrong answer.

Explanation

No credit for correct answers after your second wrong answer

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich
2. University of Zurich
3. UNIL
4. EPFL
5. University of Bern
6. University of Fribourg
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = 2nd place with 24,530 
2. University of Zurich
3. UNIL
4. EPFL
5. University of Bern
6. University of Fribourg
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL
4. EPFL
5. University of Bern
6. University of Fribourg
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL
5. University of Bern
6. University of Fribourg
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL = *9th place with 12,576* 
5. University of Bern
6. University of Fribourg
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL = *9th place with 12,576* 
5. University of Bern = *4th place with 19,297* 
6. University of Fribourg
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL = *9th place with 12,576* 
5. University of Bern = *4th place with 19,297* 
6. University of Fribourg = *10th place with 10,724* 
7. University of Geneva
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL = *9th place with 12,576* 
5. University of Bern = *4th place with 19,297* 
6. University of Fribourg = *10th place with 10,724* 
7. University of Geneva = *5th place with 17,744* 
8. ZHAW

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL = *9th place with 12,576* 
5. University of Bern = *4th place with 19,297* 
6. University of Fribourg = *10th place with 10,724* 
7. University of Geneva = *5th place with 17,744* 
8. ZHAW = *7th place with 14,462* 

No credit for correct answers after your second wrong answer e.g. if the category was “The eight Swiss universities with the most students” and your answers are:

1. ETH Zurich = *2nd place with 24,530* 
2. University of Zurich = *1st place with 28,121* 
3. UNIL = *6th place with 17,141* 
4. EPFL = *9th place with 12,576* 
5. University of Bern = *4th place with 19,297* 
6. University of Fribourg = *10th place with 10,724* 
7. University of Geneva = *5th place with 17,744* 
8. ZHAW = *7th place with 14,462* 

Final score: four correct answers each with half a point = 2

Your categories are...

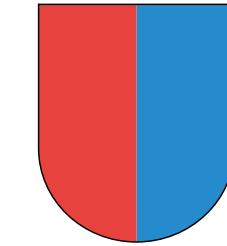

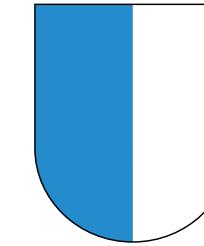

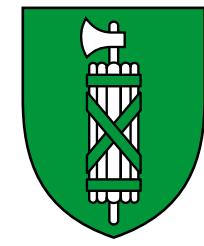

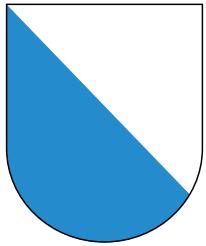

1. The eight most populous Swiss cantons

2. Football clubs that have won the Champions League/European Cup the most times (i.e. at least twice; there are 13 such clubs)

Answers

Round 5: 8, 7, 6, 5, 4, 3, 2, 1, ...

*The answers to this round are the numbers 1 through 8
without repeats*

1. In which decade of the 20th century was the wheeled suitcase patented?

2. What number is the most critical DEFCON level?

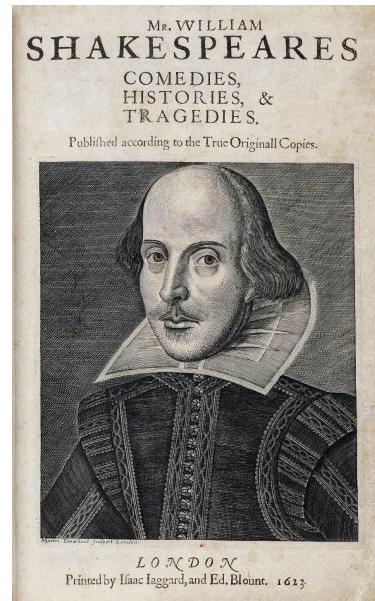

3. In which century BC was Alexander the Great alive?

4. How many countries have territory in the Arctic Circle?

5. Shakespeare's plays are traditionally structured into how many acts?

6. To the nearest kilometre, what is the difference between the depth of the Mariana Trench and the height of Mount Everest?

7. In a year, how many full rotations does the Earth spin about its axis? Three-hundred and sixty... what?

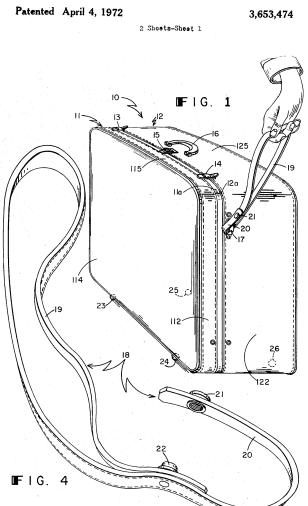

8. What is the total runtime of Game of Thrones, in days?

Answers

1. In which decade of the 20th century was the wheeled suitcase patented?

1. In which decade of the 20th century was the wheeled suitcase patented?

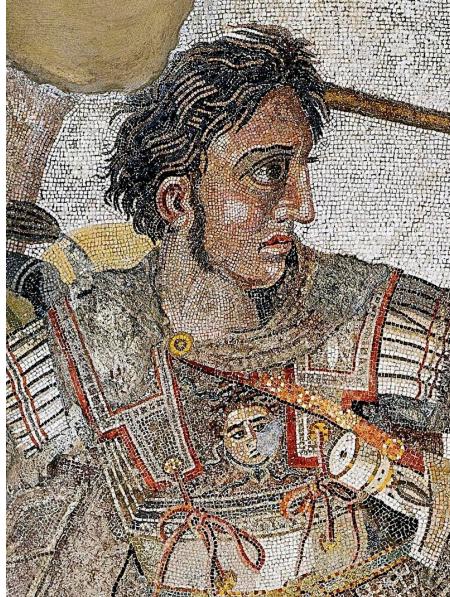

7 (1972)

2. What number is the most critical DEFCON level?

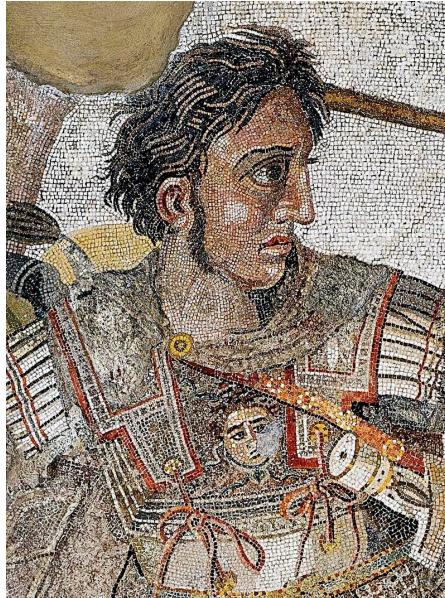

2. What number is the most critical DEFCON level?

1

3. In which century BC was Alexander the Great alive?

3. In which century BC was Alexander the Great alive?

4 (356 to 323 BC)

4. How many countries have territory in the Arctic Circle?

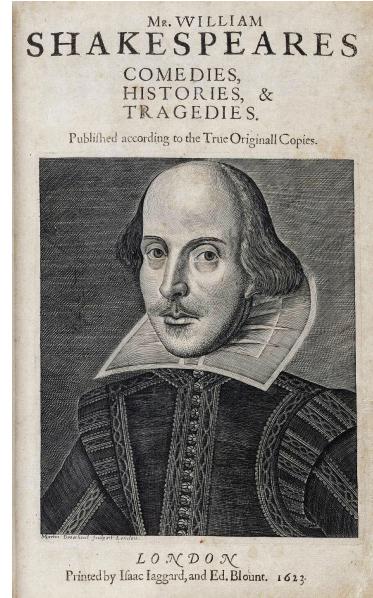

4. How many countries have territory in the Arctic Circle?

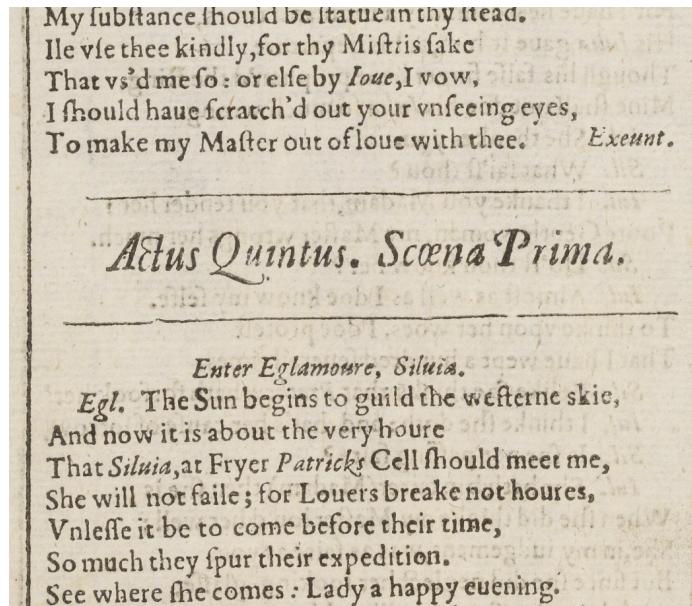

8 (Canada, Denmark, Finland, Iceland, Norway, Russia, Sweden and the United States)

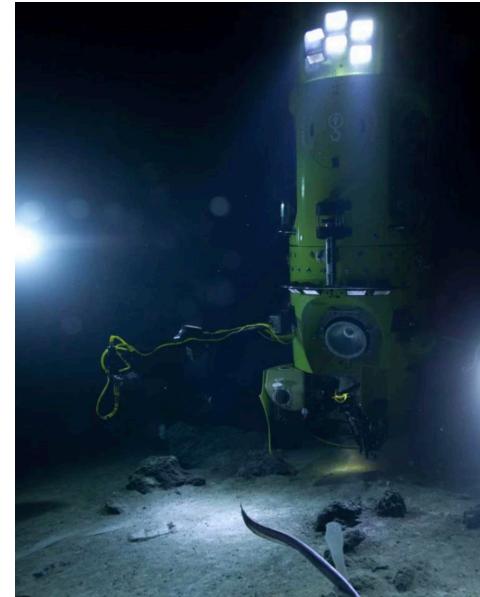

5. Shakespeare's plays are traditionally structured into how many acts?

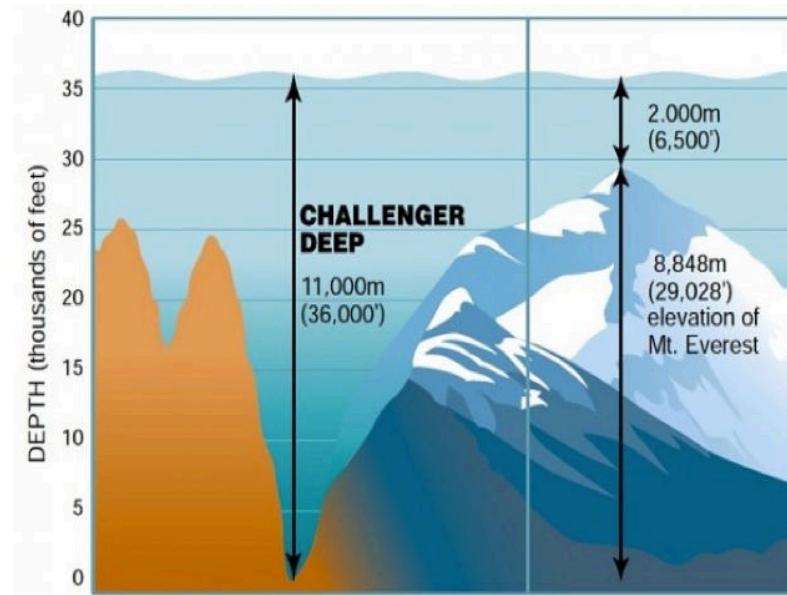

5. Shakespeare's plays are traditionally structured into how many acts?

6. To the nearest kilometre, what is the difference between the depth of the Mariana Trench and the height of Mount Everest?

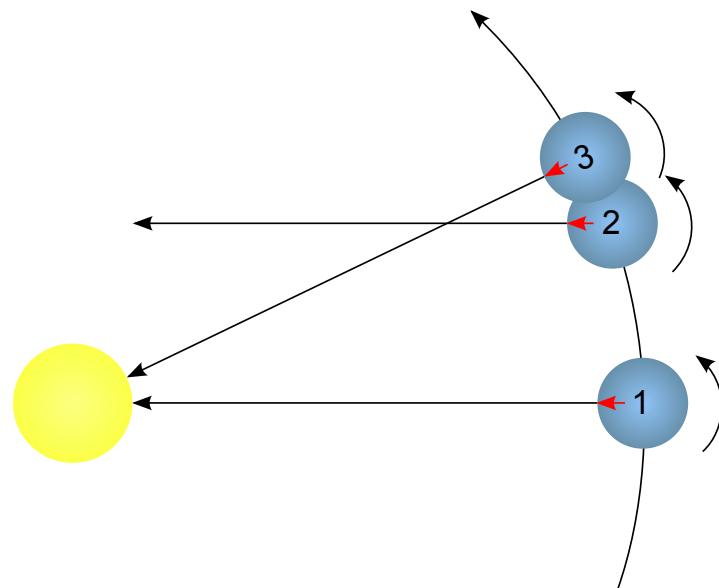

6. To the nearest kilometre, what is the difference between the depth of the Mariana Trench and the height of Mount Everest?

7. In a year, how many full rotations does the Earth spin about its axis? Three-hundred and sixty... what?

7. In a year, how many full rotations does the Earth spin about its axis? Three-hundred and sixty... what?

6 (it rotates slightly more than 360° each solar day)

8. What is the total runtime of Game of Thrones, in days?

8. What is the total runtime of Game of Thrones, in days?

3 (73 episodes across eight seasons with runtimes of 50 to 83 minutes for a total of 70 hours and 14 minutes)

Round 6: The final round

1. What object has a deck, a leash, a stringer and a tail?

2. Which classical composer changed his first name into French when he was young? He was born in 1865 and helped develop the modern form of symphonies and symphonic poems.

3. The “Caspian Sea Monster” holds the record for being the longest what in the world?

4. Of the nine central Star Wars films, which has the lowest rating on Rotten Tomatoes?

5. What animated TV series, popular with both kids and adults, takes place in the post-apocalyptic Land of Ooo?

6. Apart from humans, name the one type of animal that are known to go through menopause?

7. Alongside Audi, which luxury car maker will have a new team join the F1 circuit in 2026?

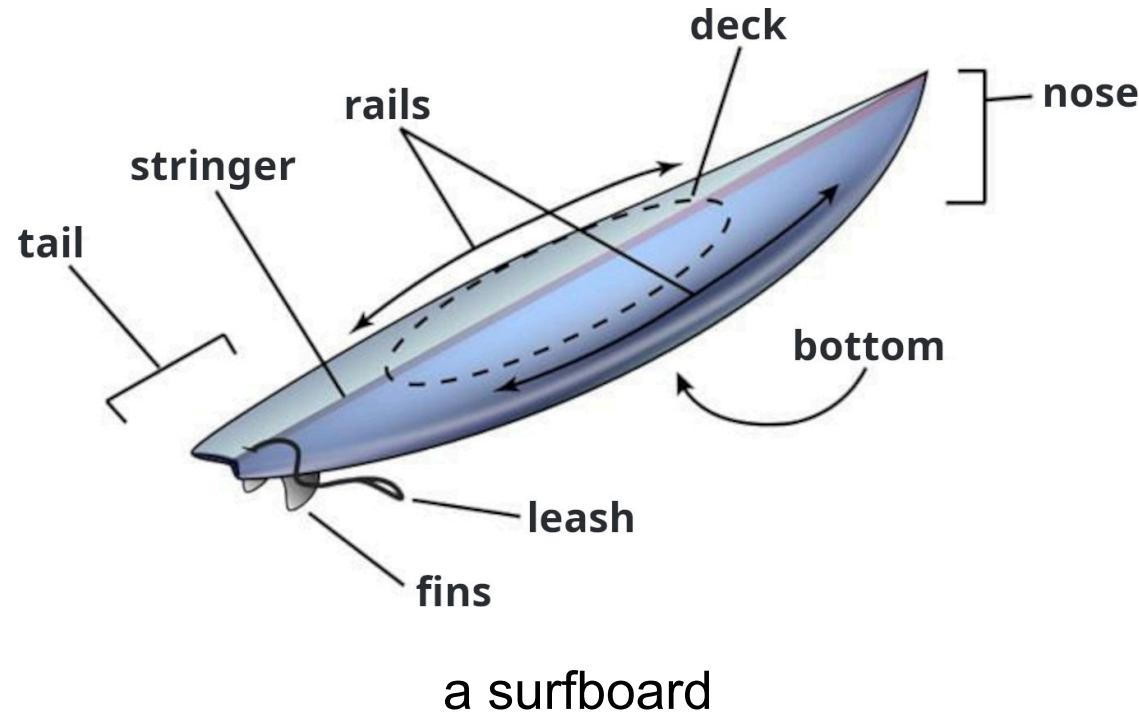

8. What links all the answers in this round?

Answers

1. What object has a deck, a leash, a stringer and a tail?

1. What object has a deck, a leash, a stringer and a tail?

2. Which classical composer changed his first name into French when he was young? He was born in 1865 and helped develop the modern form of symphonies and symphonic poems.

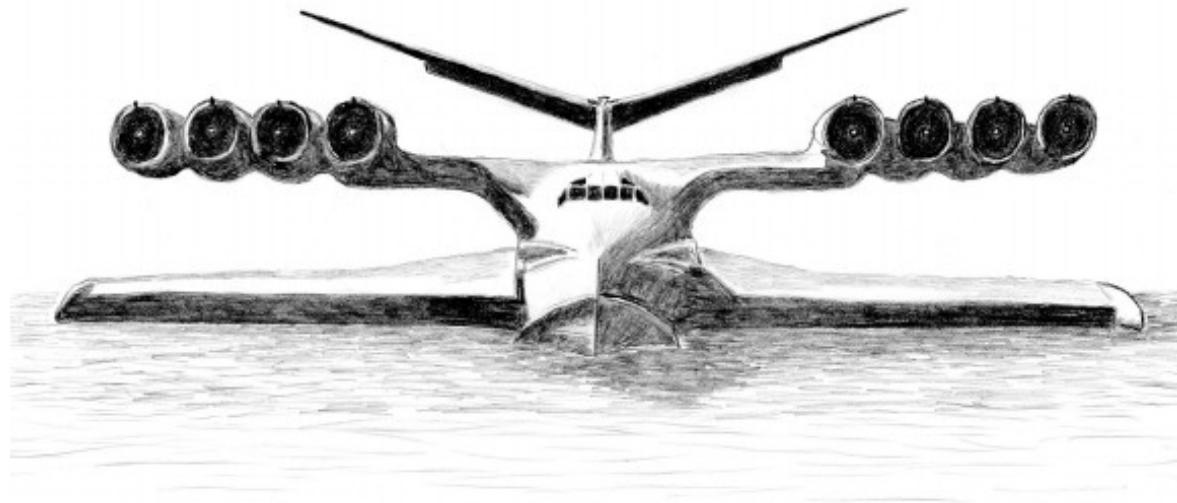

2. Which classical composer changed his first name into French when he was young? He was born in 1865 and helped develop the modern form of symphonies and symphonic poems.

Jean Sibelius (born Johan)

3. The “Caspian Sea Monster” holds the record for being the longest what in the world?

3. The “Caspian Sea Monster” holds the record for being the longest what in the world?

aircraft/fixed wing vehicle

4. Of the nine central Star Wars films, which has the lowest rating on Rotten Tomatoes?

4. Of the nine central Star Wars films, which has the lowest rating on Rotten Tomatoes?

Epsiode IX: The Rise of Skywalker

5. What animated TV series, popular with both kids and adults, takes place in the post-apocalyptic Land of Ooo?

5. What animated TV series, popular with both kids and adults, takes place in the post-apocalyptic Land of Ooo?

Adventure Time

6. Apart from humans, name the one type of animal that are known to go through menopause?

6. Apart from humans, name the one type of animal that are known to go through menopause?

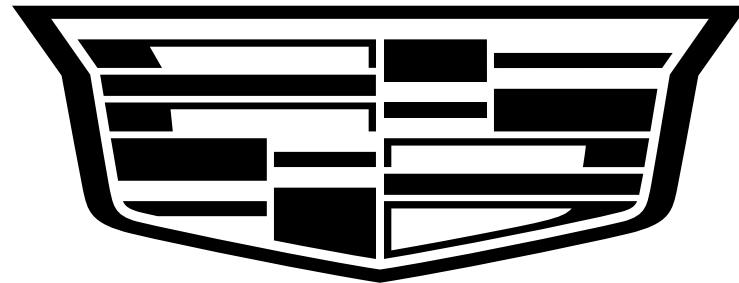

Whales (specifically, five toothed-whale species including orcas and belugas)

7. Alongside Audi, which luxury car maker will have a new team join the F1 circuit in 2026?

7. Alongside Audi, which luxury car maker will have a new team join the F1 circuit in 2026?

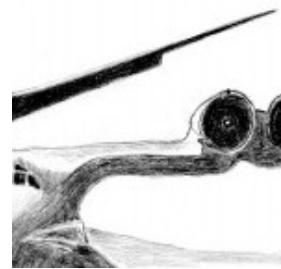

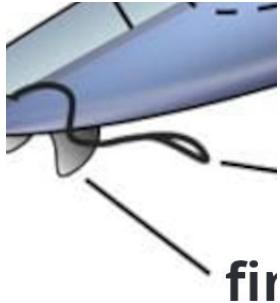

CADILLAC
FORMULA 1 TEAM

Cadillac

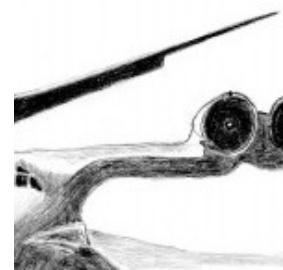

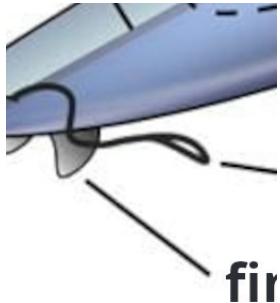

8. What links all the answers in this round?

8. What links all the answers in this round?

They all contain fins/Finns,

8. What links all the answers in this round?

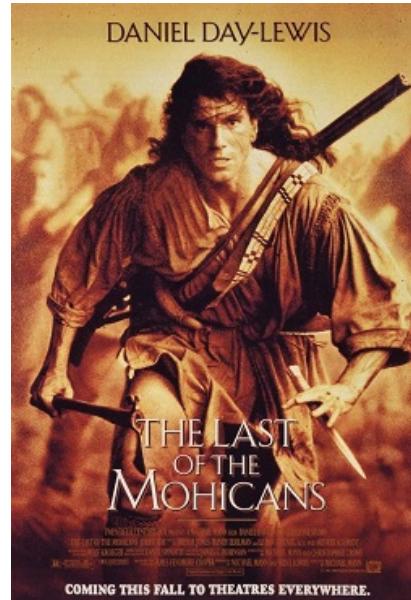

They all contain fins/Finns, it was the fin-al round, after all!

The Last... scene

1.

1.

The Last of the Mohicans

2.

2.

The Last Duel

3.

3.

The Last House on the Left

4.

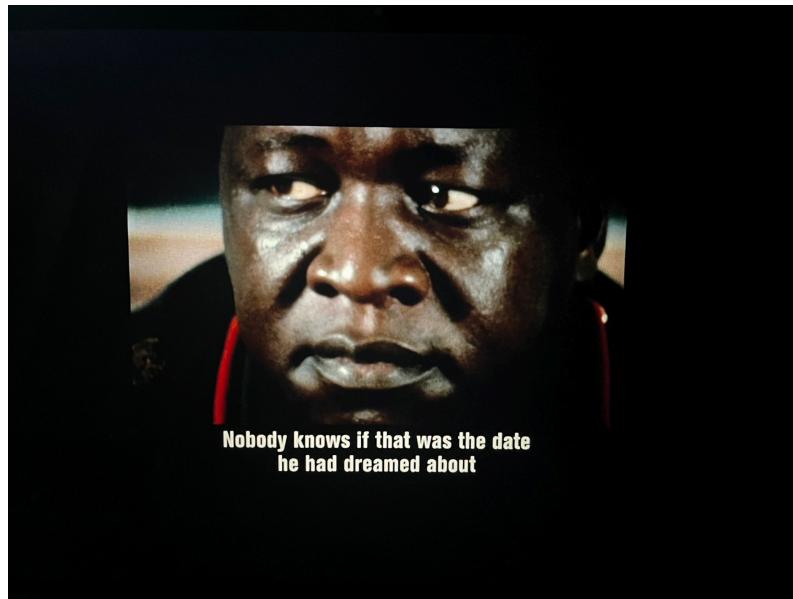

4.

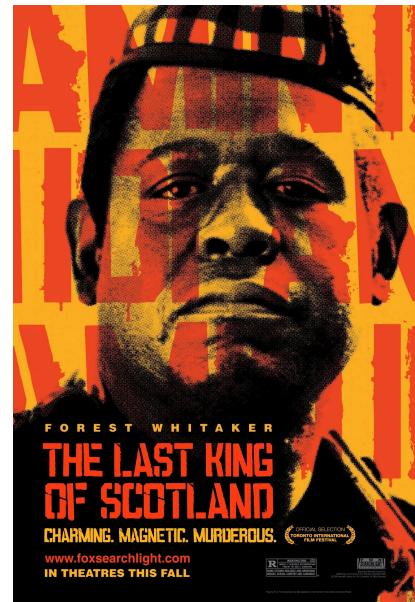

The Last Airbender

5.

Nobody knows if that was the date
he had dreamed about

5.

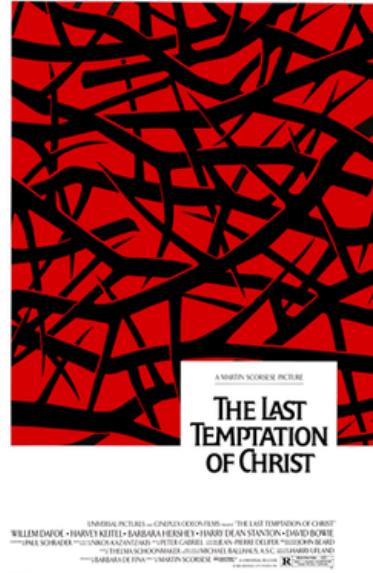

The Last King of Scotland

6.

6.

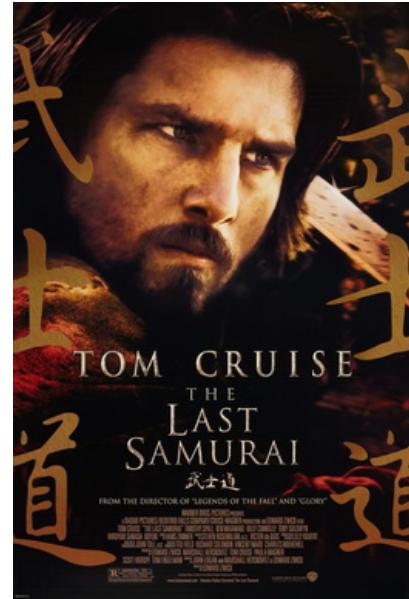

The Last Temptation of Christ

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife soaked in water
- during which, be cunning and devious
- complain about _____

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water
- during which, be cunning and devious
- complain about _____

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water (**wet**)
- during which, be cunning and devious
- complain about _____

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water (**wet**)
- during which (**while**), be cunning and devious
- complain about _____

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water (**wet**)
- during which (**while**), be cunning and devious (**wile**)
- complain about _____

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water (**wet**)
- during which (**while**), be cunning and devious (**wile**)
- complain about (**whine**) _____

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water (**wet**)
- during which (**while**), be cunning and devious (**wile**)
- complain about (**whine**) _____ (**wine**)

1.

- asking for information about (**what**) a temple in Cambodia (**wat**)
- to sharpen a knife (**whet**) soaked in water (**wet**)
- during which (**while**), be cunning and devious (**wile**)
- complain about (**whine**) e.g. **fermented grapes** (**wine**)

2.

366.48 K _____

$v_{\text{me}} = c$
_____ > 343 m/s (in dry air at 1 atm and 20°C)

_____ $p_{\text{me}}(t) - \int_t^{t_{\text{now}}} \mathbf{F}(t') dt' = 0$

2.

200 degrees, _____

$v_{\text{me}} = c$
_____ > 343 m/s (in dry air at 1 atm and 20°C)

_____ $p_{\text{me}}(t) - \int_t^{t_{\text{now}}} \mathbf{F}(t') dt' = 0$

2.

200 degrees, _____

I'm travelling at the speed of light

_____ > 343 m/s (in dry air at 1 atm and 20°C)

$$p_{\text{me}}(t) - \int_t^{t_{\text{now}}} \mathbf{F}(t') dt' = 0$$

2.

200 degrees, _____

I'm travelling at the speed of light

_____ supersonic _____

$$p_{\text{me}}(t) - \int_t^{t_{\text{now}}} F(t') dt' = 0$$

2.

200 degrees, _____

I'm travelling at the speed of light

_____ supersonic _____

_____ stop me now

2.

200 degrees, **that's why they call me Mr. Fahrenheit**

I'm travelling at the speed of light

I wanna make a supersonic man out of you/woman of you

Don't stop me now

3.

Tongans treat
waiters poorly

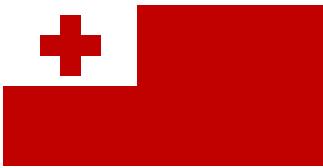

The Danes get road
rage

Tunisians lie about
their age

_____ like
pineapple on pizza

3.

Tongans treat
waiters poorly

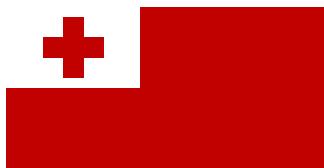

The Danes get road
rage

Tunisians lie about
their age

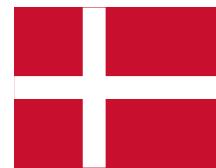

_____ like
pineapple on pizza

3.

Tongans treat
waiters poorly

The Danes get road
rage

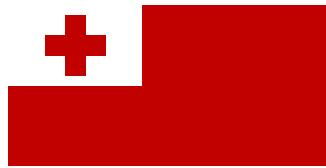

Tunisians lie about
their age

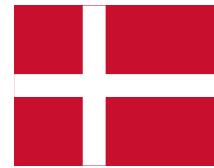

_____ like
pineapple on pizza

3.

Tongans treat
waiters poorly

The Danes get road
rage

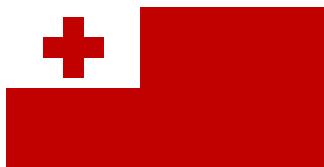

Tunisians lie about
their age

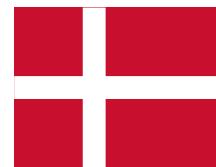

_____ like
pineapple on pizza

3.

Tongans treat
waiters poorly

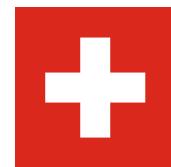

The Danes get road
rage

Tunisians lie about
their age

**e.g. The Swiss like
pineapple on pizza**

4.

1. an international citizen
2. the outskirts of a hub
3. a useless ability
4. ignore the _____

4.

1. an international (*opposite of “national”*) citizen
2. the outskirts of a hub
3. a useless ability
4. ignore the _____

4.

1. an international (*opposite of “national”*) citizen (*synonym of “national”*)
2. the outskirts of a hub
3. a useless ability
4. ignore the _____

4.

1. an international (*opposite of “national”*) citizen (*synonym of “national”*)
2. the outskirts (*opposite of “centre”*) of a hub (*synonym of “centre”*)
3. a useless ability
4. ignore the _____

4.

1. an international (*opposite of “national”*) citizen (*synonym of “national”*)
2. the outskirts (*opposite of “centre”*) of a hub (*synonym of “centre”*)
3. a useless (*opposite of “competence”*) ability (*synonym of “competence”*)
4. ignore the _____

4.

1. an international (*opposite of “national”*) citizen (*synonym of “national”*)
2. the outskirts (*opposite of “centre”*) of a hub (*synonym of “centre”*)
3. a useless (*opposite of “competence”*) ability (*synonym of “competence”*)
4. ignore (*opposite of “research”*) the _____ (*synonym of “research”*)

4.

1. an international (*opposite of “national”*) citizen (*synonym of “national”*)
2. the outskirts (*opposite of “centre”*) of a hub (*synonym of “centre”*)
3. a useless (*opposite of “competence”*) ability (*synonym of “competence”*)
4. ignore (*opposite of “research”*) the **evidence** (*synonym of “research”*)

4.

1. an international (*opposite of “national”*) citizen (*synonym of “national”*)
2. the outskirts (*opposite of “centre”*) of a hub (*synonym of “centre”*)
3. a useless (*opposite of “competence”*) ability (*synonym of “competence”*)
4. ignore (*opposite of “research”*) the **evidence** (*synonym of “research”*)
